RE: Briana Mackey
Employment Application

To Whom It May Concern:

I wholeheartedly recommend Briana Mackey for employment with your organization. Briana is a highly qualified and motivated person who will be an ideal employee.

I have had the pleasure of working with Briana this year as the advisor for the California State University, Monterey Bay campus newspaper the *Otter Realm*. Briana currently is the Editor-in-Chief for the newspaper.

Briana's work is of the highest quality. She is an exceptional student leader. She provides clear guidance and mentorship to the student reporters working for the newspaper. She is always thinking ahead and meets every deadline. She has a strong knowledge of journalistic style and practice. The *Otter Realm* is flourishing under her leadership.

Briana also is a member of our Humanities and Communications division student advisory board. She is committed to making CSUMB a great place, not only for her and her cohort, but for future students as well. She is respectful of those around her and shares her views in a mindful manner.

In addition to her many academic and professional qualifications, Briana is a delightful person. She is the kind of person one hopes to work with on a project. She is of the highest integrity. If you have any questions or would like more information about Briana, please feel free to contact me. I appreciate your time and thoughtful consideration of Briana's application.

Sincerely,

Sandra Robinson, Ph. D.
Assistant Professor of Journalism and Digital Media
